

**Please join us for the Premiere of *Hogslayer - The Unapproachable Legend*
documentary
on Thursday, August 18, 2011 - 7pm
at the Oriental Theatre in Milwaukee, Wisconsin.**

Hogslayer: The Unapproachable Legend is the true-life story of the dual-engine Norton dragster designed, built and raced by John Gregory and TC Christenson of Sunset Motors in Kenosha, Wisconsin. The documentary chronicles the Sunset Motors Racing Team's unrivaled innovation and unbridled courage as they faced unyielding challengers throughout the United States and Europe in the 1970's. The original Hogslayer dragster is presently on permanent exhibit at the National Motorcycle Museum in the United Kingdom, however its successor, the Hogslayer triple-engine Norton dragster, will be on display at the premiere.

Hosting the *Hogslayer* premiere, the Oriental Theatre is a Milwaukee landmark with its ornate East Indian motif. For the premiere, an exhibit of fine Nortons and other British motorcycles will be on exhibit throughout the lobby. The world champion race team stars of the documentary, TC Christenson and John Gregory, will be greeting fans prior to show time. The event is being organized by the British Biker Cooperative, a *Hogslayer* documentary sponsor. This is a one-time event of it's kind, produced exclusively for the debut of the *Hogslayer* documentary.
